TREND 1

FABULOUSLY FLAMBOYANT!

Dare to be different and stand out from the crowd this spring/summer! The catwalks at MBFWA boasted a playful spirit with bright hues and prints - everything from animal, floral to far out retro inspired prints!

Here are my hot picks for this spring derived straight off the catwalk from our time at Sydney's Mercedes Benz Fashion Week Australia and suggestions on how to dress up your poolside look

TREND 2

BRIGHT, BOLD AND... BRIDAL

Remember the 90s? They're baaaaack!! This season channel your inner Baywatch babe with high cut one piece suits and plenty of cropped tops to go around. We thankfully get a break from the monochromatic palette of last year with some seriously far out, vibrant 90s inspired computerized prints. An easy way to coordinate with the vibrancy of these prints is to simply over lay with lacey white bridal-esque dresses and kaftans. This bridal trend is set to hit stores for our swimwear too with lacey or white laser cuts swimsuits aplenty!
